GU2O Electrolyte Replacement	100	26g	4g	240mg	40mg	-	-	-	-	-	-

The advantage.

ZYM is fuel that works.

ZYM is a small tablet that **dissolves in water** for on-the-go hydration.

Highly-salted hydration products are not the answer. The **formulas** we design for endurance athletes **set ZYM apart** from other hydration products. ZYM's unique blend of electrolytes, B Vitamins and other components is what makes it effective against muscle burn and dehydration. This provides athletes with **fresh legs, natural energy** and **higher endurance**.
